

Editable Word Companion — Quality Assurance Report

This audit opened every generated DOCX file with an editable Word-document reader, confirmed that each file exists and contains editable paragraph or table content, and scanned every student document for answer and teacher-only headings that must remain excluded.

Result: 142 source-sliced editable DOCX files were audited. The automated audit found 0 issue(s).

Audience	Created editable DOCX files
Student	126
Teacher	16

Intentional Omissions

Chapter 6: Revision, Strategy, and Transfer Packet — The source chapter does not contain this standalone resource.

Chapter 16: Extend Your Thinking — The source chapter does not contain this standalone resource.

Audit Issues

No file-integrity, editability, or student-content-separation issues were found in the automated audit.
